***Abstract*—TODO: Abstract here.**

***Index Terms*—Digital Twin, Predictive Maintenance, Industry 4.0, Machine Learning, IoT, Condition Monitoring**

I. Introduction

TODO: Introduction.

II. Fundamentals of Digital Twins

TODO: Fundamentals of Digital Twins.

III. Predictive Maintenance: Concepts and Approaches

TODO: Predictive Maintenance concepts.

IV. Digital Twins Enabling Predictive Maintenance

TODO: Integration of Digital Twin and PdM.

V. Case Studies

TODO: Case study / case studies.

VI. Economic and Organizational Aspects

TODO: Economic and organizational aspects.

VII. Conclusion

TODO: Conclusion. [1]

Acknowledgment

The authors would like to thank Eduard Dobenko (Mercedes-Benz) for supervising this work.
